

SUPER SCIENCE SCAVENGER HUNT CHECKLIST

NOTE: All items must fit in a shoe box sized container.

1. An object that weights exactly one pound.
2. A list of science careers...one for each letter of the alphabet.
3. A clever or creative bumper sticker having to do with science.
4. 5 Jeopardy questions for the category "Scientists of the 90s".
5. The time it takes for one cup of water to completely evaporate at the high setting on a stove.
6. The distance around the equator measured in dollar bills.
7. 10 chemistry questions for Bill Nye the Science Guy...and a complete answer to one of the questions.
8. Two objects that have been changed from one color to another...without coloring tools or food coloring.
9. A photo and a paragraph about a female scientist.
10. The directions and results for an experiment that shows a chemical reaction.
11. 5 pictures of scientists in action.
12. 2 unusual examples of things that can change from one form of matter to another.
13. An article about chemistry.
14. A way to completely mix two colors and separate them again.

15. Three autographs of people who work in different scientific fields.
16. Something that demonstrates how technology has changed in the past 20 years.
17. A list of 5 books about chemistry for kids.
18. A new award...statue or drawing...that could be given to scientists for their contributions to society. (Be sure to include the name of the award.)
19. 10 want ads for jobs in science fields. (At least two must be chemistry related.)
20. Your height and weight in standard and metric...as well as on the moon.
